Packaging Instructions and Decal Placement

D130-700-011

Place one bearpaw in box. Wrap the hardware in a piece of foam, so that the foam package is only about 4" wide. Place that package into the bore of the second bearpaw. Then insert the second bearpaw into box on top of other bearpaw. Have the bearpaws nest into each other. Place paper work on top. Fill any excess space with foam to prevent any movement. Seal box and apply label D2729 as per instructions in QSI 014 section 4.5.
